

Santiago de Cali, September 12th, 2014

Mr. Kevin Govender
Office of Astronomy for Development
International Astronomical Union

Dear Mr. Govender

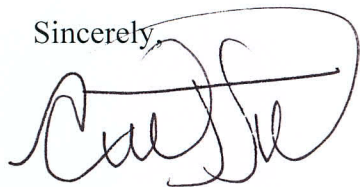

The purpose of this letter is to express the interest of Department of Physics, Valle U. in Colombia on joining and supporting the Andean Regional Office of Astronomy for Development.

Our participation will be materialized supporting and collaborating in the Project "Exploration Working Group in Astroparticle Physics" mentioned in the proposal.

I will be happy to collaborate as a representative of our institution in all the committees associated with the organization and communication activities inside the Andean ROAD.

if you have any further questions about our participation in the node activities , do not hesitate to contact me.

Sincerely,

César Alonso Valenzuela Toledo
Senior Lecturer
